

Medical Seal Solutions *YOUR WAY!*

The R F. Carlson Co. is a preferred supplier and leading distributor in the seal industry. We are recognized for outstanding performance in the areas of quality, on time delivery, and customer service.

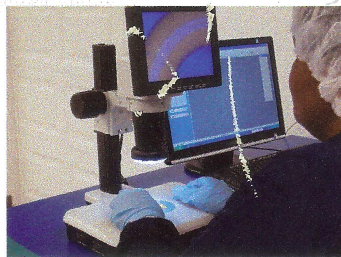

In addition to stocking a broad range of sealing products, we specialize in VMI, Kanban procurement, JIT inventory reduction, and dock to stock quality programs.

We have partnered with Precision Associates, a leader in specialty medical elastomers, in order to offer an extensive line of medical grade materials such as:

- Compounds meeting FDA and/or USP Class VI requirements.
- Every color of the spectrum as well as crystal clear and black compounds.
- Customized compounds for specific applications.
- ISO 14644-1 Class 7 Clean Room (Federal Standard 209E Class 10,000) production.

Other services we provide are: o-ring dotting/identification, external lubricating and coatings, customized AQL inspecting, PPAP's, certification & test reports, and standard & customized kit assembly.
